

Hazardous Child Labour in Agriculture

Hazardous Child Labour Activity Framework (MESW 2011) concerning the List of hazardous labour forbidden to children:

Carrying heavy loads

Tree Cutting

Farm burning

Pesticide application

Together let's protect children from WFCL and give them a bright future

Some Preventive and Remedial Actions

- Improving socio-economic conditions for farmers (health, education, drinking water, etc.);
- Facilitating access to inputs;
- Information, awareness-raising and training to farmers and their communities on WFCL;
- Mobilizing communities to implement plan for combating WFCL;
- Developing the operational capacities of stakeholders involved in child labour issues;
- Enforcement of legislations concerning child labour.

Eliminating Child Labour

Who is a Child?

A child is any male or female individual aged less than 18 years

Major Children's Rights

Right to food and care

Right to education

Right to social activities

Parents should provide their children with living conditions conducive to their education, physical development and self-fulfillment.

Child Labour Concepts

Washing

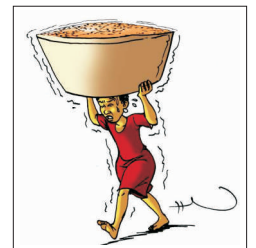

Removing cocoa beans

Child work is an activity tailored to the age of a child enabling him/her to learn certain tasks under the supervision of adults, over short periods of time.

Felling trees

Carrying heavy loads

Child labour deprives children from enjoying childhood and harms their physical and mental development.

Engaging with child trafficking

The Worst Forms of Child Labour includes intolerable and morally harmful work.
