

Dear parents, dear children,

Access to education is a fundamental right for every child.

This school kit is for you. It supports child protection activities and the fight against child labour. It is intended for the child who receives it and their family.

This kit will help and encourage your child to study and attend school regularly. It is offered to you free of charge to support your commitment to sending your child to school.

Education enables children to thrive and build their future. Children belong in school!

About ICI

The International Cocoa Initiative (ICI) fights against child labour and forced labour in the cocoa and coffee sector in West Africa. We have been working in Ghana since 2007 to improve the lives of children and adults in cocoa and coffee-growing communities.

All of ICI's activities in cocoa and coffee-growing communities are free. No financial contribution is required.

Reporting Abuse

Have you been a victim or witness of abuse by an ICI agent or one of its partners?
Have you been asked for money in exchange for this kit?

Report this abuse to:
